Jan. 16, 2003.

Ray W. Valli

AMENDMENT

In response to the office action dated September 11, 2002, please amend the above-referenced application as follows:

In the Specification:

Please amend the paragraph beginning page 6, line 22 to page 7, line 1 as follows:

91 A user of a client machine having an HTML-compatible browser (e.g., Netscape Navigator) can retrieve a Web page (namely, an HTML formatted document) of a Web site by specifying a link via the URL [(e.g., www.yahoo.com/photography)]. Upon such specification, the client machine makes a transmission control protocol/Internet protocol (TCP/IP) request to the server identified in the link and receives the Web page in return.
